

Dear Second Grader,

I hope you have been having a lovely summer! My name is Ms. Sontag and I will be your second grade teacher. I cannot wait to see and meet all of you!

I would like to tell you a few things about myself:

- I grew up in the state of Pennsylvania. Do you know where Pennsylvania is on a map?
- I went to Boston College and I love to attend their football, basketball, and hockey games!
- Last year, I was a teacher in 1C at Heath School!
- I love to read, write, and have fun outdoors! I also love to do science experiments!

In second grade we are going to learn so many things as we grow with one another and try our best each day! We will read and write, and we will explore in math. We will be investigating things around us in science and learning about different cultures in social studies!

Some important things to remember:

Please bring a healthy **snack** each day. We will have snack time each morning in the classroom. Please also bring a **water bottle** to help keep you hydrated every day. You will also need to bring a **lunch** with you or plan to buy lunch from the cafeteria.

Don't forget to bring your school supplies in during the first few weeks of school! We will be doing so many things during the year and you will need supplies!

I am so excited to see you and for a great year in second grade!

Love,
Ms. Sontag
